

This is why we
shouldn't let be
media companies own
too many stations.
Sinclair's decision
to FORCE their owned
stations to air the
anti-Kerry film so
close to the
elections is an
obscene abuse of
power.
Totally
unacceptable.
If they were
requiring stations
to air Fahrenheit
9/11 you would be up
in arms.
They use the public
airwaves for free,
in the best interest
of the country.
You need to stop
them and tell other
large media
companies this will
not be tolerated.
